COUNTIANS WILL GET LOCAL TAX BILL THIS YEAR FOR \$1,711,754

Adams County's 65 taxing bodies will make a \$1,711,754 levy on the pocketbooks of the county's taxpayers this year, according to figures compiled by the clerk of courts in setting of the bonds filed by the 32 tax collectors.

Clerk Kenneth W. Johns today reported the bonds guaranteeing the performance of the 32 tax collectors will total \$855,175 this year, an all time high, and the tax collectors will be receiving a new record sum in taxes. The bonds are set at half the anticipated revenue.

Actually the slice off the 'taxpayer' may be higher than \$1,711,754.33. The tax collectors must obtain their bonds at the present time. The school boards do not set their new tax rate until June, and as a result the tax rates used as the basis for the bond, as far as the school levies are concerned, are calculated on last June's tax rate.

More Than Million To Schools
Because of that, it is estimated that the school taxes collected in the county went over the \$1,000,000 mark for the first time in 1956. Based on this year's assessment the current (June) tax rate of the school boards will bring in \$1,089,392.03. If the boards boost their rates in June, the amount will be greater.

Last year the estimated tax income of the schools, based on the prior June's tax rate for the bond purposes, was \$966,641.28.

But school taxes went up last June. The 1956 rate averaged out at 26.1 mills and \$9.95 per capita for the 32 districts. The actual 1956 rate (which is used as the basis for the current bonds of the tax collectors) averaged at 29.8 mills and \$11.29 per capita.

\$308,692 For County
While county and institution district rates remained the same, the anticipated revenue went up because of increased valuations and population. The clerk's figures show the county will receive \$308,692.75 from this year's taxes — county, institution district and personal property. Last year its anticipated revenue was \$289,195.70.

The reports from the townships and boroughs, on which the bonds are based, show that as far as the 11 borough and 21 townships are concerned, the property owner is a little better off tax wise, while the per capita taxation has increased. For the current year the average millage for townships and boroughs is 9.1 on property com-

President Magsaysay, Of Philippines, And 25 Others Are Killed In Mysterious Plane Crash On Cebu Island Mountainside Sunday

THE LATE PRESIDENT MAGSAYSAY

By DONALD E. HUTH
MANILA (AP) — Vice President Carlos P. Garcia took over the reins of government today as the Philippine nation and the free world mourned the plane-crash death of President Ramon Magsaysay.

Garcia flew in from the SEATO conference in Australia several hours after Magsaysay's charred body was found in the wreckage of his plane on a Cebu Island mountainside.

The 60-year-old vice president took the oath of office as fourth president of the Philippine Republic before Chief Justice Ricardo Paras. He will serve until after next November's presidential elections, which now promise to be a wide-open fight.

Staunch Supporter
A staunch supporter of Magsaysay's foreign policy, Garcia is expected to continue the late President's aim of strengthening American-Philippine friendship. The new President told news-men he planned no changes in the Cabinet and would himself continue to fill the post of secretary of foreign affairs he had held under Magsaysay.

Magsaysay, 49-year-old champion of democracy and bitter foe of communism, perished early yesterday when his twin-engine plane crashed in dense jungle just after leaving Cebu for Manila.

Only one passenger, a Philippine newspaperman, survived the crash, which claimed the lives of 26 persons, including several top government officials and educators, several Philippine newsmen and members of Magsaysay's staff. The President was returning from giving two commencement speeches in Cebu.

Guard Wreckage
A close guard was placed around the wreckage as officials made clear they had not ruled out the possibility of Communist sabotage. As defense secretary, Magsaysay had wrecked the Communist Huk rebel movement in the infant island republic.

Messages of condolence poured in from abroad to the Philippine government. Magsaysay's widow (Continued On Page 3)

BIRTHDAY CARDS One Month Late

H. W. Weidner, 150 Seminary Ave., has not "aged" one year in one month, although the postman and others may think so. It all came about when some of his former pupils at Vineland, N. J., and his friends thought he would be 90 years old today, March 18. Actually, Mr. Weidner celebrated his 89th birthday on his real natal day, February 18. At that time he was literally "flooded" with congratulatory messages from well-wishers all over the country.

Today, instead of it being his birthday, was "confusion" day for others who again poured congratulatory cards and telegrams on him upon the occasion of what they thought was his 90th birthday. One cablegram came from South America.

Mr. Weidner, in his usual merry manner, accepted the cards in the spirit in which they were sent and will spend the next several days acknowledging the well-wishes.

Despite his advanced years Mr. Weidner has started his annual spring planting.

UN Forces Withdraw From Some Gaza Strip Positions

CAIRO, Egypt (AP)—U.N. forces appeared today to be withdrawing from positions they had taken up throughout the Gaza Strip and deploying along the Gaza-Israeli border.

Maj. Gen. E. L. M. Burns, commander of the U.N. Emergency Force, said his troops "are already partly deployed along the demarcation line." However, he indicated UNEF had not withdrawn completely from towns in the strip.

Gaza dispatches said the U.N. forces had pulled out of road checkpoints in the southern part of the strip but that Egyptian troops had not yet moved in.

UNEP officials in Naples, Italy, said the first contingent of Canadian armored corps troops left here by plane today for Egypt. The size of the contingent was not announced, but transport officers said it probably was about 20 of the 80 Canadians awaiting the Egyptian approval for their entry.

There are already 1,100 Canadians serving with UNEF, mainly administrative personnel and air force men handling the shuttle service between Naples and the Middle East. Egypt had been hesitant about admitting more Canadians.

ADVANCE PLANS
FOR LITTLE LOOP
OPENING MAY 15

Plans for the coming Little League season were formulated at a meeting of the officers, managers and sponsoring organization representatives Sunday afternoon in the fire engine house with the Rev. The Little League schedule will open officially on May 15 and as is customary there will be no games scheduled during the Fourth of July week. Tryouts for those boys of the community between the ages of

eight and twelve, who are not already on a Little League team, will be held the week of April 22, on the playground, each evening at 6 p.m.

They would be provided with official umpires rule books in order to acquaint themselves with their duties. Beaven F. Hanlon and Monroe G. Morelock were appointed as a field committee to hire a man to clean off the brush and weeds from the new field site. A financial report was given by Robert J. Stonesifer.

April 8 was chosen as the night to conduct a house-to-house canvass seeking funds for Little League. Flyers will be distributed giving facts about the needs on Saturday, April 6, and this project will require the help of all the sponsoring organizations and Little League personnel. Further details concerning the drive will be announced.

From aboard the cruiser Canberra, President Eisenhower in a statement said the people of the Philippines, the United States and "the entire free world have lost a valiant champion of freedom." Magaysay, he added, "will be greatly missed" in the fight against communism.

Yankees Give Aid

A search party which included Magaysay's brother Jesus found the chief of state's remains in the twisted, charred ruin of his twin-engine plane about 15 miles north of Cebu City.

Two U. S. Air Force helicopters made the hazardous landing on the jungle-shrouded slope about 100 yards from the wrecked C47. Two U. S. Marine helicopters were dispatched to the scene today and began carrying out the bodies.

The plane crashed in jungle so dense it took ground rescuers 18 hours to reach the scene.

The sole survivor — Nestor Mata of the Philippine Herald — told his paper the plane had exploded before it hit the mountain side. The Herald said, however, his account contained discrepancies and judged he was suffering from shock when he dictated it. Hospital authorities said Mata was suffering from second and third degree burns and had a 50-50 chance for survival.

3 Moslems Admit
Killing 5 Crewmen

ORAN, Algeria (AP)—Three Moslem crewmen on a small French trawler have admitted slaying their five European crewmates. Spanish police informed French officials the Moslems wanted to seize the 42-ton trawler to smuggle arms for the Algerian rebels. The Spanish gave this account:

After killing the Europeans at sea, the Moslems could not steer the vessel. The trawler was found adrift off the Moroccan coast and towed by a Costa Rican freighter to Malaga, Spain.

Police found the three Moslems hiding in the hold, their clothing covered with blood.

Stefan Redl, 23, a superbly conditioned undefeated German welterweight now fighting out of Passaic, N. J. is a 2-1 favorite to stretch his victory streak to 13 tonight in a television 10-rounder against Rocky Al Milone of Brooklyn at New York's St. Nicholas Arena.

A pro less than a year, Redl served notice he was ready to make some big moves soon when he decisively outpointed Paddy DeMarco, former lightweight champion, on Feb. 18.

Bob Baker, of Pittsburgh, and Jeff Dyer of Springfield, a couple of big heavyweights, collide tonight in a 10-rounder at Holyoke, Mass. Tinsy Miguel Berrios, Puerto Rico, and counter-punching Carmelo Costa, Brooklyn, are rated even for their featherweight elimination 12-rounder at New York's Madison Square Garden Friday night (NBC radio-TV, 10 p.m., EST). The winner earns the right to meet Nigeria's Hogan (Kid) Bassey in the semifinal round of the tourney to determine a successor to retired Sandy Saddler. The semifinal victor then will be pitted against France's Cherif Hamia, European titleholder, for the world 126-pound championship.

The Golden Gloves will make another appearance on the Wednesday night radio television program out of Chicago. This time it will be the national G.G. championships with East facing West.

Out Of The Past

From the Files of the

ONE HUNDRED YEARS AGO

Unfortunate Affair: During the last levee of President Pierce, while Mr. Hume, a highly respected merchant of Alexandria was promenading in the east room, accompanied by his two daughters, he was charged by Colonel Lee, of Virginia, who was just in advance of him, also accompanied by his two daughters, with stealing his pocketbook. The base charge was indignantly repelled by Mr. Hume and they exchanged cards. The next day Mr. Hume called upon Colonel Lee, who was a clerk in the pension office, and demanded a retraction of the charge. This was refused by Mr. Lee. When Hume struck with his cane, Lee drew a revolver and shot Hume who died in a few minutes. The affair occasioned great excitement both at Washington and Alexandria. Lee was at once dismissed from office. He was admitted to bail in \$5000 to answer the charge of manslaughter.

Mr. Buchanan has conferred the appointment of private secretary upon his nephew, James Buchanan Henry, a native of Washington city, but for some time past a resident with Mr. Buchanan at Wheatland. He graduated three or four years ago at Princeton, and is said to be a young gentleman of fine attainments.

The supreme court of the United States decided in the case of the negro Dred Scott, that Africans, free or slaves, are not citizens of the United States and therefore cannot sue in the supreme court, that the Missouri compromise was null and void, so far as regards the prohibition of slavery beyond a certain parallel being unconstitutional.

At the Baltimore conference of the M. E. Church in session last week, among the local preachers elected to deacons' orders we observe the name of Wm. W. Paxton of Gettysburg circuit.

SEVENTY-FIVE YEARS AGO

A Bright Career Closed: Gen. William W. Wright was found dead on Thursday night in the Philadelphia prison to which he had been committed the night before for drunkenness. Gen. Wright was born in Adams county of a highly esteemed family and had a brilliant career. In 1848 he entered the service of the Pennsylvania Railroad as a civil engineer and soon developed great capacity and energy. In 1857 he was employed to survey the interoceanic railway. In the earlier part of the war he served as chief engineer of the Army of the Potomac with the rank of general. He subsequently accompanied Gen. Sherman on his march to the sea. At the close of war his engineering capacities were called into requisition in building bridges and various public works in the west. Two years ago he was chosen by Count De Lesseps as the American engineer of the proposed ship canal across the isthmus of Darien.

Local Items: George T. Heller, of near Wrensville, has discovered a large vein of iron on his farm. Mr. James Pierce has sold his stock of goods to Louis Strouse, who also rents the house.

One day last week Abner Mills of Cumberland township, was injured by a limb of a falling tree striking him on the breast. Dr. Bush was called in and rendered the necessary attention.

Dr. M. L. Bott, of Westminster, formerly of Gettysburg has been appointed examining physician by the United States Pension Commission.

The grain, which in this neighborhood was looking well during the earlier part of the winter, has been seriously damaged by the alternate freezing and thawing of March.

Election: The Gettysburg Gas Company has elected the following officers for the ensuing year: President Dr. H. E. Jacobs; managers, M. Eichelberger, A. D. Buehler, W. A. Duncan, H. J. Stable, J. M. Walter and S. R. Russell.

Today's Talk

DOCTORS

Have great faith in your doctor — if you need one. I have just been reading a most interesting and helpful book called "Live Longer and Enjoy It," by Dr. Peter J. Steiner. Here is a line from the book: "You can kill yourself by going to your doctor and not taking his advice." If you think you need a doctor put yourself in his care and trust him. Otherwise you are left to worry and get nowhere!

There are doctors who almost instantly disarm their patients of all fears. To such a one. Their experience, as a rule, is wide and broad. They know the human body and all that it is heir to, and they know human nature.

Many years ago I went through a serious operation, from which I came out gloriously, but I have always felt that my surgeon's inspiring spirit did most for my recovery. As soon as he entered the hospital his jovial laugh seemed to take charge of the entire floor. He armed all his patients with a halo of hope!

Doctors can help almost anyone, but a patient has to help himself, as well. Faith in your doctor and yourself can often work a miracle. People are born to live, and if they live right — according to the doctor's instructions, they can live a long time. The human body is the greatest machine ever created. Treat it better than you do your car!

I am amazed at what doctors do today in comparison to what they did a half century ago. A great doctor is sympathetic and understanding. Do not tell him what to do. He knows. Above all, have an inward reverence for that body of yours "Live Longer and Enjoy It!"

Tomorrow Mr. Adams will talk on the subject: "Just Today!" Protected, 1957, by The George Matthews Adams Service

BACK TALK

Little Miss Talk Back is clever and witty.

As loaded with logic as deserts with dust;

Strong-headed and stubborn, although she is pretty.

She knows all the answers to mustn't and must.

"I will!" says Miss Talk Back, responding to "don't."

"Now you be a nice little lady," I plead.

And the answer to that is a umtered, "I won't."

As if parents were persons that no one should heed.

Little Miss Talk Back will stand up and face you.

With torrents of words she will tell you what's what.

Even though losing the bout may disgrace you.

It's easier to lose every battle than not.

Sufficient money has been collected to relieve Mt. St. Mary's College, near Emmitsburg from its financial troubles. THE HEROISM OF
LOUIS LASALLE
By ROBERT O. TURNER
Engineer For The Boston And
Maine Railroad

As our freight pulled out of Gardner, Mass., that cold February morning in 1955, I felt a strong need for extra caution.

There was ice on the tracks.

The wheels spun slightly, then took hold.

"We'll have this ice all the way," I said to my fireman, 22-year-old Louis LaSalle.

That morning we were to take seven freight cars over the nearly abandoned track from Gardner to Peterborough, New Hampshire, a distance of 36 miles.

Louis sat at his window on the left side of the cab. I sat at the throttle on the right. Beside me were the great brakes, two sets.

The "Big Boy"

One set was independent of the rest of the train, operating just the engine. The other was an emergency, which we called "The Big Boy." When it was pulled, compressed air raced through the entire train, clamping brake shoe against wheel, steel against steel.

For the first 30 minutes of the run that morning, I pulled my throttle out only five of its eight speed notches because of the ice. When we came to a bad crossing, I slowed to two or three notches. From Gardner to Peterborough, the highway crosses our track 15 times. There were a dozen blind corners.

At Winchendon, Mass., the track pulls around a hill and immediately intersects a roadway. The crossing itself is at the bottom of a hill. In icy weather a car could start sliding downhill and be out of control long before it got to the crossing.

Going Slow

The train crept around the bend at 15 miles an hour.

Suddenly, from LaSalle's side, over the hill, raced a car.

"Brakes!" shouted LaSalle.

I ran the throttle home, threw the great emergency brake, poured sand on the tracks. The driver of the car slammed on his brakes, too. The car began to skid.

It went out of control. There was nothing we could do but watch as it slid onto the tracks. Then with a jolt the train came to a stop, literally inches away from the car.

Both Louis and I were silent as the train worked up speed again — one notch, two notches, three, four, five.

The pressure was beginning to build up in the brake hoses. The braking system on these trains has one peculiarity. Once the pressure has been released from the hoses, it takes time to rebuild again. During that time, you just hope you don't need your brakes.

Looking Ahead

As the freight moved forward over the ice — so thick the cross ties were sometimes invisible — Louis settled down quietly again at his window, looking out at the track ahead.

"What are you thinking about?" I asked LaSalle.

"That near accident, I guess. And Mother: the way she says those novenas to keep us boys safe."

A novena to a Catholic is a prayer that is said nine times. LaSalle takes a lot of stock in those prayers his mother says for him and her other boys. Louis once said that knowing his mother was praying for him made him feel he would never be afraid.

Ahead, beyond another curve, was the little town of West Rindge, New Hampshire, with its houses butting up close against the tracks. I looked at my watch. The train was late, but with all the ice on

the tracks, I kept our speed down.

Used The Brakes

The train approached the West Rindge crossing. Again I applied the brakes, slowed down. We passed the crossing. I released the brakes. They began to pump back up again. The train approached a blind corner. We crept around the curve.

Neither of us paid too much attention when we saw a little boy run from the tracks. The houses in West Rindge were so close to the railroad that the kids often played near the tracks.

The nose of the engine cleared the curve. Instantly, both of us became alert. Something was still in the middle of the track. It looked like a pile of clothing. The train was only 200 feet away. I throttled down. We strained forward.

A Baby!

Then suddenly when the train was only 50 feet away, the pile of clothing moved.

"That's a kid!" we both shouted simultaneously. "It's a baby!" In one jerking motion I shut off the throttle, sanded, hit not only "The Big Boy" but the independent brake as well.

But there wasn't enough pressure. The freight cars behind rammed the engine. We were being swept towards a tragedy, and there was nothing we could do about it. We could feel the cars pushing us. They slid us over the ice towards the baby. I saw the baby glance up, then open its eyes wide, fascinated. In that instant it was clear that the train would not stop in time.

Jumped From Engine

Then, suddenly Louis jumped up from his seat. He threw open his cab door and raced along the engine catwalk to the railing in front of the train. He put his hand on the rail, then vaulted in front of the train. Miraculously he did not slip on the ice.

The great iron knuckle and the dangling steam hoses were inches away. He grabbed the baby and hurled it from the tracks. Then Louis dove sideways and the wheel brushed past his heels.

The engine passed over the spot where the child had been playing. The train stopped.

I dropped my hands and just sat slumped in my seat.

Began To Cry

Then I saw someone out on the embankment, off to my right. It was Louis. I saw him lean over and pick something off the ground.

It was the baby.

It began to cry. I've never been so glad to hear a baby cry. I scrambled down to Louis.

"You could have been killed," I said.

"Yes."

"You sure you're all right?"

"Yes," Louis said. "I'm all right."

During the rest of the trip I couldn't stop thinking about another figure — that of Mrs. LaSalle saying those novenas for her boys.

TOMORROW — Thomas B. Costain, the author of the best-selling book "The Silver Chalice," tells why he calls himself an optimist and why he believes optimism often is the highest form of courage and faith.

Eugene Haas Is Selected As New Head Football Coach At Gettysburg College; Will Take Over Position Immediately

Eugene M. Haas, line coach at Gettysburg College for the past three years, has been named head football coach at the college. It was announced today by athletic director Henry T. Bream. The 35-year-old Haas, a 1943 graduate of Gettysburg College, succeeds John M. Yoviosin who last week was appointed head coach at Harvard.

A native of Hanover and a 1939 graduate of Hanover High School where he excelled in football, basketball and tennis, Haas entered Gettysburg in 1939. He was an outstanding lineman for the Bullets, playing center and end, and also starred in basketball.

Following his graduation from Gettysburg in 1943, he entered the Army Air Corps serving in the South Pacific as a navigator. Included in his overseas tour were 15 combat missions. He was discharged as a first lieutenant in 1946 and immediately joined the staff of Biglerville, Pa., High School as head football and basketball coach. In Sept., 1950, he was recalled to active duty and served in Europe with the 28th Infantry Division until June, 1952. He immediately returned to Biglerville until 1954 when he joined the Gettysburg staff as line coach in football and head wrestling coach. He also served one season each as assistant track mentor and head tennis coach. He also serves as assistant professor of health and physical education.

Played Pro Ball

Haas, who played center for the professional York White Roses from 1946 until 1949, is now active as a captain in the National Guard. He is married to the former Doris Louis Gibson, Harrisburg, a 1943 Gettysburg graduate. They have two boys and a girl.

With Gettysburg now in the midst of spring practice, Haas will assume his new duties immediately. At Hanover High School, Haas was named to the All South Penn Conference teams in 1938 and again in 1939. He served as captain of the Hanover basketball team.

At Gettysburg, he served as co-captain of the football team his second year and captained the basketball team that season. He was named to Western Maryland's and Dickinson's All-Opponent football teams and to Muhlenberg's All-Opponent basketball team. Some years ago, in selecting his all-time team, ex-coach and now athletic director Hen Bream named Haas as his all-time team offensive center.

Haas captained the York White Roses football team four seasons—1946-47-48-49.

In accepting the appointment as head coach, Haas said: "The opportunity to become head coach at Gettysburg leaves me with mixed emotions. I am extremely honored that the authorities of Gettysburg feel I am qualified and capable of filling John Yoviosin's shoes. Ever since I had the privilege of playing under the guidance of 'Hen' Bream, an ambition to become head coach of Gettysburg and follow in Hen's footsteps has been in the back of my mind. My association with John Yoviosin has been extremely valuable from a technical standpoint because John is undoubtedly one of the game's outstanding coaches. This new assignment is an extreme challenge in view of 'Hen' Bream's and John Yoviosin's excellent records in recent Gettysburg football history."

Athletic Director Bream said: "We are very happy to have Eugene Haas as our new football coach. He was an outstanding athlete in college and will be a fine asset to our staff. Gene is a fine young man and he knows the game of football. I'm confident he'll do a capable job for Gettysburg."

Rookie Negro Is Pleasing Phillies

CLEARWATER, Fla. (AP)—The Philadelphia Phillies are thinking that, perhaps, a young Negro infielder with no previous experience in organized baseball may be the answer to their shortstop problems.

He is John Kennedy, previously ticketed for a trip to the minors for seasoning because his only experience has been in semipro ball. Kennedy is batting .500 in spring training and has looked good in the field so far. Yesterday he had two singles and a run batted in as the Phils defeated the Boston Red Sox 4-1. He handled six chances in the field without an error and started one double play.

ALLEN TOWN, Pa. (AP)—Philadelphia teams and bowlers are in the lead in Class A events of the Pennsylvania State Woman's Bowling Assn. Tournament except for the all-events division.

Mary Bartholomew of Lansdale is on top in the all-events with 630. She is runnerup in the singles with 563.

The second round of the six weeks tournament was completed yesterday.

Don Zimmer Is Expected To Be Regular Infielder With Dodgers; 2 Homers

By JOHN CHANDLER
The Associated Press

It appeared today as if this will be the year that Don (Comeback Kid) Zimmer will make the grade as a regular infielder with the National League champion Brooklyn Dodgers.

Zimmer's second home run of the spring off Jim Bunning of the Detroit Tigers accounted for all Brooklyn's runs yesterday as the Dodgers won a 3-2 grapefruit exhibition at Miami.

Badly injured twice during his career by bean balls, Zimmer—who played second base, probably his opening day position—was almost hit in the head by Bunning's first pitch.

Zimmer got up swinging and on the next pitch lined the ball over the left-center wall 360 feet away. He knocked in three runs.

Skull Was Fractured

Zimmer, 26, was purchased by the Dodgers from their Mobile, Ala., farm club in 1952 and optioned to St. Paul of the American Assn. in 1953, billed as the eventual successor to Pee Wee Reese at shortstop. On July 7 that year a pitch fractured his skull at Columbus and he was out for the season.

Last June 23 at Brooklyn in a game with Cincinnati, Zimmer suffered a cheek bone fracture and concussion when struck by a pitch thrown by Hal Jeffcoat. He played only 17 games all season and in 20 times at bat got six hits for a .300 average.

Senators Beat Braves

In other games yesterday the Washington Senators defeated the Milwaukee Braves 5-3, the New York Yankees blanked the Cincinnati Redlegs 9-0, the Philadelphia Phillies downed the Boston Red Sox 4-1, the Pittsburgh Pirates squeezed out a 2-1 decision over the Kansas City Athletics, the Chicago White Sox walloped the St. Louis Cardinals 12-3, the Baltimore Orioles took an 11-5 verdict from the Chicago Cubs, and the New York Giants defeated the Cleveland Indians 9-8.

Pittsburgh, with a 7-2 exhibition record—best in both leagues—won

TEXAS LASHED BY HEAVY RAINS

By THE ASSOCIATED PRESS

Torrential rains and winds of hurricane force lashed the Texas Gulf Coast yesterday. At least one person drowned when heavy rains flooded streets and highways and a tornado injured several persons and caused scattered damage in the Galveston area.

More than 10 inches of rain fell at Texas City, where every street was flooded for a time by knee-deep water. Several families left homes in low-lying sections.

Winds up to 80 miles per hour knocked down power poles, unroofed homes and cut off telephone and electric service at several towns in Galveston County.

The rains, however, began tapering off along the coast early today.

Twisters also were reported yesterday at Houston and near San Angelo. Lighter rains fell over most of east Texas and half fell

in the sixth inning at Fort Myers, Fla. Gene Freese walked, went to third on Dick Groat's double and came home on a sacrifice fly.

3 Get 3 Hits Apiece

Three White Sox, Larry Doby, Bubba Phillips and Rookie Jim Landis got three hits apiece as Chicago mauled a trio of Cardinals pitchers for 18 hits at St. Petersburg, Fla.

At Tampa, the Yankees showed their power with 15 hits, and the Redlegs pulled a triple play. Mickey Mantle hit homers from both sides of the plate.

Baltimore got 15 safeties at Los Angeles off five Cub hurlers.

Gail Harris, in as a pinch hitter in the eighth inning at Tucson, Ariz., hit a bases-loaded double to break a 6-6 tie with Cleveland.

Washington came from behind with four big runs in the seventh inning at Bradenton, Fla. Jerry Schoonmaker belted a three-run homer as a pinch hitter.

The Red Sox dropped their fifth game as three Philadelphia pitchers—Jim Hearn, Jack Sanford and Gene Snyder—held them to five hits at Sarasota, Fla.

PITT MATMEN ARE DEFEATED BY PENN STATE

UNIVERSITY PARK, Pa. (AP)—Penn State stopped Pitt's three-year winning string by outpointing the Panthers 74-61 in the Eastern Intercollegiate Wrestling Championships over the weekend.

Winners at 130, 137 and 147 pounds and runners-up in the 123 and 177 pound division gave Penn State its first title since 1953. Two of four defending champs lost out in the championship matches Saturday.

Penn State's winners were John Johnston, 130 pounds; John Pepe, 137; and Dave Adams, 147. Pitt's Ed Perry won the 123 pound class and Dave Johnston and Ron Schirf were victorious in the 167 and heavyweight divisions.

Third in team scoring was Lehigh with 48 points. Cornell had 30, Navy 28, Franklin and Marshall 24, Syracuse 18, Brown 16, Colgate 9, Army 8, Harvard 5, Rutgers 4, Columbia 2, Penn 2, Princeton 2, Springfield 2, and Temple 2.

Other division victors were Ed Hamer, Lehigh, 157 pounds; and Ronald Flemming, F & M, 177 pounds.

The two 1956 champs who lost were Penn State's Sid Nodland, runnerup at 123; and Lehigh's Joe Gratto, 137 pound runner-up.

Report Braves Are After Gene Baker

BRADENTON, Fla. (AP)—Talk about the Milwaukee Braves seeking Richie Ashburn of Philadelphia has died and observers now are reporting the Braves would like to deal for Gene Baker of the Chicago Cubs.

Center fielder Billy Bruton, reportedly the key Milwaukee player in the negotiations with the Phils, also is mentioned along with outfielder Bobby Thomson and southpaw pitcher Chet Nichols as trading material to get Baker.

CHALLENGERS FACE TWO TOP COURT TEAMS

KANSAS CITY (AP)—College basketball's two top teams—North Carolina's Tar Heels and the Kansas Jayhawks—still must dispose of upset-minded challengers if they are to collide head-on in the national collegiate tournament this week.

North Carolina, with 30 straight wins during the season and ranked No. 1 in the Associated Press basketball poll, encounters slow starting Michigan State in the first of the semifinal games Friday night at 8:30 (EST).

Kansas, ranked No. 2 on a 23-2 record, will take on San Francisco University in the other semifinal Friday night.

The championship game will be Saturday night.

The playoff games at the end of the long tournament trail are in Kansas City's municipal auditorium and its 10,200 seats have been sold out for weeks.

Both North Carolina and Kansas worked their way into the finals with easy wins in regional tournaments Saturday night. The Tar Heels beat Syracuse 67-58. Kansas dumped Oklahoma City 81-61 as Wilt Chamberlain, the sensational Kansas sophomore All-American, scored 30 points.

Michigan State Wins
Michigan State, ranked No. 11, won its way to Kansas City with an 80-68 victory over Kentucky, ranked No. 3.

San Francisco posted a 50-56 win over California, the Pacific Coast champion. San Francisco has won the national tournament the last two years in a row and still has a chance to become the first team ever to take three straight.

In consolation games of the Regional Playoffs Saturday night Southern Methodist beat St. Louis 78-68. Canisius beat Lafayette 82-76. Notre Dame beat Pittsburgh 86-85 and Brigham Young beat Idaho State 64-54.

COOPER WINS \$12,500 OPEN ON GREAT PUTTING

ST. PETERSBURG, Fla. (AP)—"Every time I got a putter in my hand it seemed like that little old ball was going for the hole."

That was the way weather-beaten, graying Pete Cooper described his solid triumph yesterday in the \$12,500 St. Petersburg Open Golf Tournament.

His putting enabled the 42-year-old Lakeland, Fla., veteran to shoot a closing 6-under-par 65 and whip Jackie Burke Jr., Masters and PGA champion, by four strokes for the \$1,600 top money.

His 72-hole card read 68-68-65-65-269, fifteen strokes under par. Burke had a 67-68-69-69-273 total, worth \$1,300.

Won First In 1949

It was in this tournament and on this Pasadena club course that the soft-spoken Cooper won his first PGA tourney in 1949.

This was the first tournament Cooper had entered this year—and he almost passed it by.

"I went out Sunday to practice and I was terrible," he recalled. "I'd swing and the balls would go every which way. I told my wife I'd be wasting my time and money to come to St. Pete."

Art Wall Jr., Pocono Manor, Pa., winner of last week's Pensacola Open, and Don January, 27, Abilene, Tex., tied for third at 275. Each shot a closing 69. Cary Midgloff, Dallas, also had a 69 for 277. Dow Finsterwald, Tequesta, Fla., and Chick Harbert, Northville, Mich., each had a 71 for 278.

Wilbur Stresses Need For Hitting

SCOTTSDALE, Ariz. (AP)—The Baltimore Orioles had just finished a 2½-hour workout. Veteran coach and scout Del Wilbur was tossing a few with 12-year-old Del Jr.

He ventured the opinion that youngsters with big league ambitions should "concentrate on learning how to hit."

"I don't mean to infer that a youngster should neglect his skill in making plays in the field," he said. "But he shouldn't worry himself too much about whether he is a shortstop, a centerfielder, a pitcher, a catcher or anything else."

ADVERTISE IN THE TIMES

Tar Heel Star Is Ace Of NCAA Meet

PHILADELPHIA (AP)—North Carolina's All America Lennie Rosenblyth won most valuable player award honors in the Eastern regional NCAA basketball tournament played here over the weekend.

Teammate Tommy Kearns of the winning Tar Heels was also named to the tourney team by the selection committee along with Hank Nowak of Canisius, Gary Clark of Syracuse and Stu Murray of Lafayette.

Bob Mantz of Lafayette was a second team choice.

NEED FEDERAL FUNDS FOR '59 AT CLEVELAND

CLEVELAND (AP)—Cleveland officials, with six weeks to dig up nearly five million dollars more for staging the 1959 Pan American Games, still cling to the faint hope that Congress will provide necessary funds.

If Cleveland can't arrange financing by May 1, a special congress of the Pan American Olympic Committee ruled yesterday in Caracas, Venezuela, the games will be shifted to Guatemala City.

The committee voted 11-2 to extend to May 1 Cleveland's deadline.

Committee Chairman Douglas F. Roby of Detroit said he had been advised that if Cleveland does not receive the federal grant it will ask to be relieved of its obligation.

In Cleveland, Curtis Lee Smith, chairman of a planning committee for the games, said this city could not be host to the games without the federal appropriation, which would bring to 13 million dollars the funds provided for the event. City, county and state would provide the other eight million, needed primarily for construction of facilities.

But Cleveland Mayor Anthony J. Celebrezze, while remarking that "holding the games without federal money would be very difficult," said the extension "will also give us time to explore some resources we have not yet checked."

Providence Reds Need One Win

By THE ASSOCIATED PRESS

The Providence Reds had still failed to clinch their second straight American Hockey League championship today, and must wait until Saturday for their next game.

The Cleveland Barons defeated the Reds last night at Providence, 3-1 on a two-goal assault by Bill Shultz and Ken Hayde in 87 seconds of the second period.

The Barons are the only team with a chance to catch Providence which holds a 5-point advantage. Cleveland would have to win all three remaining games, while the Reds dropped their last two tilts.

Providence plays the Indians at Springfield next Saturday night, after Cleveland plays at Springfield Wednesday.

Yesterday Ken Wharram got two goals and added a pair of assists to pace the Buffalo Bisons to a 5-3 victory over Springfield. Floyd Smith's goal at 2:10 of the overtime period gave the Hershey Bears a 4-3 verdict over the Rochester Americans.

DOUBLE HONORS FOR DELANY

CHICAGO (AP)—Miller Ron Delany of Villanova was named the outstanding athlete in the 21st Chicago Daily News Relays Saturday night.

Delany, the Olympic 1500-meter champion, won the Bankers Mile with a 4:03.8, two tenths of a second off the world indoor record.

Delany was named on seven of the nine ballots cast by sports writers covering the event. Two writers made him second choice.

Horace Ashenfelter, winner of the two-mile run, received one first place vote as did Don Bragg, Villanova pole vaulter who took first place with a leap of 15 feet 3 inches. Bragg finished in a second place tie in the voting with Milt Campbell who tied the world indoor high hurdles record of .071.

Delany had 25 points in the voting and Campbell and Bragg had 8 each.

FRANK ALLAN LOSES

PALM BEACH, Fla. (AP)—Frank Allan, former Pennsylvania amateur golf champion, was defeated 7 and 6 Saturday in the finals of the South Florida amateur tournament by Paul E. Kelly of Ossining, N.Y.

Allan, from Pittston, was seven down at the end of the morning round and never got back in contention.

SEATTLE BEGINS NIT CONTESTS THIS EVENING

By ED CORRIGAN

NEW YORK (AP)—Top-seeded Seattle, boasting Elgin (Rabbit) Baylor, 18 straight victories and two 6-foot-7 players, makes its first start in the National Invitation Tournament against St. Bonaventure in Madison Square Garden tonight.

In the other half of the quarterfinal double-header, Manhattan takes on Memphis State.

All indications point to an uncomfortable night for St. Bonaventure. The Bonnies have a 16-5 record compared with 22-2 for Seattle and certainly cannot come near the Chieftain's height.

Dwarfed At 6-6
Baylor is 6-6, but he is dwarfed by Dick Stricklin and Thorton Humphries, each at 6-7.

As for Baylor, well, he may not be the eighth wonder of the world, but if he keeps up at his present pace, they're going to have to legislate against him.

He brings the following credentials:

1. A 720-point season average, or 30 points a game.
2. A 488 shooting average from the floor.
3. A total of 463 rebounds.

Called "The Best"

If that isn't enough, he has been called the "best college basketball player in the country" by Santa Clara Coach Bob Peierick. Seattle drew a first-round bye, but St. Bonaventure showed it could hustle in its 90-72 rout of Cincinnati Saturday night.

Manhattan, probably the top team in the New York area, will be slightly favored over Memphis State in the other half of the twin bill. This is despite the fact that State shows a 22-5 record against Manhattan's 15-8.

Final On Saturday

Memphis State is a fast outfit, but didn't live up to expectations in downing Utah 77-75 Saturday.

The quarter-finals will be completed tomorrow night with second-seeded Bradley (19-7) playing Xavier of Cincinnati (20-7), which swept Seton Hall 85-79, and Temple (18-8) tangling with Dayton (19-8), which trounced St. Peter's 79-71.

The semifinals are scheduled for Thursday and the final for Saturday.

WARRIORS MUST BEAT SYRACUSE

By THE ASSOCIATED PRESS

The Philadelphia Warriors, defending champions, one game down to the Nationals in their best-of-three Eastern Division National Basketball Assn. semifinal playoff series, must win at Syracuse tonight or the jig is up.

Syracuse won the opener at Philadelphia Saturday night, 103-96 and one more win would send the Nats against the Boston Celtics for Eastern honors. If the Warriors win tonight, the third game will be played at Syracuse Wednesday.

7 Records Shattered

Seven playoff records were shattered yesterday in the one NBA game when the Lakers defeated the Fort Wayne Pistons 131-127 in Minneapolis, to start the Western Division first round playoffs.

Minneapolis made four records, hitting for 41 points in the first period, 7 at halftime, 107 after three quarters, and 53 field goals in 101 attempts for another.

The two-team total of 258 was a record, as was the total of 139 points for the first half and 204 for three periods.

The Lakers go to Fort Wayne for the resumption of the best-of-three series tomorrow night.

HUSBAND FAILS TO "DITCH" HIS POLIO STRICKEN WIFE OF 10 YRS.

CAMDEN, N.J. (AP)—A woman bedridden by polio won \$35-a-week support from her husband on Friday, despite his effort to end their 10-year marriage through a legal technicality.

New Jersey Superior Court Judge William R. J. Burton refused to grant an annulment to the husband, Dr. Joseph E. Lieberman, 40, a Vineland N.J., chiropractor.

Lieberman argued that his Dec. 20, 1947, marriage to the former Lorraine Goldenberg, of Melrose Park, Pa., was not legal because it was performed in New Jersey with a Pennsylvania license.

Judge Burton put aside a New Jersey requirement that the marriage license be obtained in the municipality where the wedding is performed and accepted the opinion of two Philadelphia lawyers who testified that the marriage constituted at least a common-law marriage under Pennsylvania law.

Abandoned His Wife

Judge Burton said Lieberman had abandoned his wife, 30, after her return from two years' treatment at a polio sanitarium. At a recent visit to Mrs. Lieberman's home, the judge said, he found her confined to a rocking bed and unable to breathe without artificial respiration.

Of Lieberman, the judge said: "There is no question he abandoned Mrs. Lieberman, and I feel her request for \$35 a week is a modest request."

The couple has an eight-year-old son, Robert.

Defer Wholesale Gas Price Boost

WASHINGTON (AP)—The Federal Power Commission has suspended until July 14 increases in wholesale gas rates by five subsidiaries of the Columbia Gas System.

The suspension was announced Friday to give the FCC time to conduct hearings into the reasonableness of the proposed rate boosts which total nearly 20 million dollars.

The companies, the proposed increases and the number of wholesale customers affected include:

Atlantic Seaboard Corp., Charleston, \$4,148,000 or 8.2 per cent, 13 customers in Virginia, Maryland, the District of Columbia, Pennsylvania and West Virginia.

The Manufacturers Light and Heat Co., Pittsburgh, \$1,789,000 or 7.3 per cent, 25 customers in Maryland, New Jersey, New York, Ohio, Pennsylvania and West Virginia.

NIXON IS GIVEN WARM WELCOME BY ITALIANS

By JOHN SCALI

ROME (AP)—Vice President Nixon arrived in Rome Saturday and spent a busy 10 minutes shaking hands with welcoming Italians who thronged in front of his hotel.

A broad smile on his face, Nixon delayed entering Rome's Grand Hotel to greet more than 1,000 spectators who blocked the street.

Italian Prime Minister Antonio Segni led a delegation of top Italian officials who welcomed Nixon at Ciampino Airport after a two-hour flight from Libya, which temporarily ended his seven-nation African goodwill tour.

During Nixon's 10-mile drive of the proposed \$6,500,000 dam on the Dyberry River, a token ceremony will be held at Clinton Twp. where a dam is to be built on the Lackawaxen River.

Praise Italians

With Mrs. Nixon seated beside him, the Vice President drove past ancient monasteries and ruins of old viaducts in the spring-like weather to the hotel.

Upon arriving, Nixon praised the Italian government and said it "stands side by side" in seeking to solve many problems in world councils in a joint search for lasting peace.

Segni, in welcoming Nixon, called him "an authoritative representative of a great country, our friend and ally, and the foremost collaborator of President Eisenhower."

Americans "owe a tremendous debt" to Italy, he said, "not only for the tens of thousands of Americans of Italian descent but for the culture Italy has contributed to the growth of America."

NAVY BLIMP LANDS AFTER 11 DAYS IN AIR

By ELTON C. FAY

AP Military Affairs Reporter
KEY WEST, Fla. (AP)—A Navy blimp, flying longer and farther without stop than any in history, has demonstrated the capability of these roaming sentinels to warn of enemy bombers and submarines while they are still far from American targets.

The ZPG-2 landed at the Boca Chica Naval Air Station here at dark Friday night after being aloft 11 days and 12 minutes.

Not A Stunt

From the time the blimp left South Weymouth, Mass., until it hooked to a mooring mast here, its 14-man crew had flown it across the Atlantic, cruised above the coast of Portugal and off North Africa, then recrossed the Atlantic to Florida.

Navy officials declared the flight was never intended as a stunt or merely to set a record, but was designed to prove the ability of airships to keep on station for days at a time on patrol.

Radar Platform

New emphasis is put on the airship as an airborne platform for

to Eisenhower — to cut expenditures. Eisenhower has said he is willing to re-examine his budget for the fiscal year beginning July 1. But he has insisted that Congress will have to whittle down or abandon some programs it authorized if any substantial reductions are to be made.

Chairman Byrd (D-Va.) of the Senate Finance Committee yesterday urged delegates to a U. S. Chamber of Commerce strategy meeting on government economy to put pressure on both the President and Congress.

Byrd said Eisenhower had recommended "24 brand new programs" and had proposed "indefensible increases" in others. The senator called anew for a five billion dollar cut in the budget.

Eisenhower's budget, Byrd added, calls for the addition of at least 30,000 more federal employees. He said this would bring the total to 2,400,000 with an annual payroll of \$11,200,000,000.

Lighter-than-air proponents note the airship can do the job of the big, fast-flying airplanes used in the offshore early warning system with only a fraction of the fuel required by the planes. And, say the experts, they can ignore weather which baffles planes.

Rear Adm. Frederick N. Kivette, acting chief of Naval Operations for Air, told the crew their flight was an "astonishing" achievement.

Cmdr. Jack L. Hung, skipper of the blimp, received the Distinguished Flying Cross and the whole ship's company a letter of commendation from Adm. Arleigh Burke, chief of naval operations.

SENATE READY TO VOTE ON TAX MEASURE TODAY

HARRISBURG (AP)—A billion dollar "no-new-taxes" revenue program headed for a final vote in the Senate today.

The revenue program, already approved by the House, would retain the state's 3 per cent sales tax and renew a group of other taxes at present rates.

Three labor leaders came out over the weekend against Republican-sponsored amendments to the sales tax, claiming they favored business and industry.

The Republican leadership said the revenue program was developed in line with its "hold the line" policy of avoiding new taxes. Should it pass the Senate today, the sales tax bill will be returned to the House for action on the Senate amendments.

Opposed By Labor
The weekend labor statement opposed amendments inserted in the sales tax law by the Senate Finance Committee on the grounds "they create a new class of exemptions, none of which reduces the impact of the tax on the wage earner or his family."

The 15 pages of complex, legalistic amendments would exempt manufacturers from paying the tax on anything involved in the manufacturing process; or on equipment and machinery used more than half the time for handling non taxable items. Railroads would not have to pay on ties and rails and ocean going ships over 50 tons would be specifically exempted.

Charge Discrimination
The labor leaders said the amendments "discriminate heavily in favor of particular segments

GOP MAY ORDER FULL PROBE OF HIGHWAY DEPT.

HARRISBURG (AP)—The Republican House Rules Committee was prepared today to order a full scale investigation of the State Highways Department.

At the same time the department and its present Democratic administration came under fire from two other sources—an organization of state highway builders and the GOP state command.

"You will be safe in saying the resolution directing an investigation will be approved by the Rules Committee today and sent to the floor," a top GOP source said before the Rules Committee met.

The builders organization cited a "collapse of the department and termed the entire Pennsylvania road building program in jeopardy. The GOP state chairman suggested maybe a new highway planning commission should be created to take over duties of the department.

Lawler Will Cooperate
Highways Secretary Joseph J. Lawler has offered his cooperation in the proposed legislative survey with the comment that the department's records are open for inspection.

GOP State Chairman George I. Bloom said in a weekend statement that Republicans are giving "serious consideration" to proposing a new five-member highway planning commission. Details for such a proposal haven't been fixed.

On another front the department

came under sharp criticism in an unofficial report made by the Associated Pennsylvania Constructors.

Lawler, attending the constructors annual convention in Atlantic City, declared stories about the report are "not correct."

A E O'Brien, Harrisburg, executive secretary of the organization and listed as author of the confidential report, said the group had "taken no action officially or unofficially on the State Highways Department. He added no report or resolution has been submitted on the subject. He did not deny existence of the report.

TEST GUIDED MISSILE TODAY ON IKE'S SHIP

By MARVIN L. ARROWSMITH
EN ROUTE WITH EISENHOWER (AP)—President Eisenhower gets a look today at a scheduled Navy attempt to shoot down an old radio-controlled warplane with Terrier guided missiles.

Plans for firing a pair of the surface-to-air missiles from aboard the heavy cruiser Canberra were made on a weather-permitting basis.

Eisenhower seemed to be making good progress toward ridding himself of a stubborn cough and head cold on this sea voyage.

"Rested And Well"
The sun-tanned President looked rested and well in telling newsmen on the Canberra deck yesterday that he was feeling "very good."

"I must say," he chuckled, "my

old bald head is getting sort of tanned."

Ma! Gen. Howard M. Snyder, White House physician, said Eisenhower's ear inflammation has cleared up and that he was coughing "very little" since putting to sea last Thursday evening on a leisurely six-day cruise to Bermuda.

Talks Start Wednesday
Eisenhower is due in Bermuda Wednesday afternoon to start four days of talks with British Prime Minister Harold Macmillan.

To give Eisenhower plenty of warm sunshine, the Canberra has been poking lazily around Exuma Bay in Bahama Island waters since Saturday morning. The cruiser will head northwest toward Bermuda tonight.

Eisenhower conferred for 2½ hours yesterday with his aide for national security affairs, Brig. Gen. Andrew J. Goodpaster, who flew from Washington with latest reports on the new Middle East crisis and with detailed plans for the Bermuda conference. Goodpaster arrived alongside the Canberra by seaplane.

At Chapel Services
James C. Haggerty, White House press secretary, declined comment on the Middle East reports Eisenhower got but said Goodpaster's trip had no emergency aspect.

Eisenhower attended chapel services yesterday morning on the sun-bathed forecastle deck of the Canberra. Newsmen on two escorting destroyers were brought to the cruiser by motor launch for the services.

After the services, Eisenhower had dinner in the enlisted men's mess with 56 sailors, chosen to represent all of the Canberra's 26 divisions.

COUPLE FIGHTS EXTRADITION OVER GIRL, 6

MIAMI BEACH, Fla. (AP)—A mild-mannered couple, who fled home and business to keep their adopted daughter in defiance of Massachusetts courts, open their fight in a hearing today against extradition.

Melvin B. Ellis, 45, said he and his wife Frances, 35, would "make our stand" here to prevent losing 6-year-old Hildy McCoy.

"I don't care if I go to jail," "We're not running any more."

The hearing before Peace Justice Malvin Englander was called on fugitive charges. Massachusetts authorities hold kidnap warrants for the Ellises.

They vanished with Hildy from their Brookline, Mass., home in 1955 after the Massachusetts Supreme Court ordered them to turn the blonde, blue-eyed child over to Mrs. Marjorie McCoy Doherty, the natural mother, who allowed the child to be placed for adoption when 10 days old.

The Ellises are Jewish and Hildy's mother is Roman Catholic. Mrs. Doherty demanded return of her child under Massachusetts law that provides children "when practicable" be placed for adoption with parents of their faith.

The Ellises' lawyer, Ben Cohen of Miami Beach, said he would personally appeal to Gov. Leroy Collins not to permit extradition of his clients. Cohen said extradition "would be like making a refugee from Hungary return."

The family was discovered living in Miami Beach through a routine check of Ellis' automobile registration when he negotiated for a new car Friday.

Ellis said he gave up his dry-cleaning business and left his Brookline home after "we had tried everything" in the courts to be permitted to retain the child. He said the mother rejected their offer to rear the child in the Catholic faith.

"None of the many court decisions regarding the custody of

Hildy has considered her welfare," he said. "The child has had our love and affection and she has learned to love us."

Ellis told of taking his family to Portland, Maine; Levittown, Pa.; Thompsonville, Conn.; and Tuckahoe, White Plains, N.Y., in frequent moves that led to their settlement last May in Miami Beach.

"This is our home now," Ellis said. "Miami is to be our home and our child's home."

Ellis said Hildy's mother has indicated she does not want the child back but "wants Hildy turned over to a Catholic agency so she can be adopted by a Catholic family."

Mrs. Doherty, who lives at Hingham, Mass., could not be reached for comment.

LEADER WANTS TO "OVERHAUL" TURNPIKE UNIT

HARRISBURG (AP)—Gov. Leader today recommends a complete overhaul of the Pennsylvania Turnpike system—the 20-year-old master plan that pioneered the way to all toll road building in this country.

Declaring this "may well be the most important matter to come before you in this session," the governor prepared to submit his proposed revisions of the 1937 Turnpike Enabling Act.

"The original turnpike system was brilliantly conceived and economically sound," the governor stated in a message accompanying the legislation. But he said his proposed changes forward a "new concept in management . . . looking forward to the future of the turnpike system and all that it means to the economy and convenience of the people of Pennsylvania."

One major change he supports is eliminating the \$13,000 a year salary for turnpike commissioners and creating a new seven-member, unpaid board of "conservators." The present commission has five members including the secretary of highways as an ex

1 KILLED, SIX HURT IN CRASH

HARRISBURG (AP)—One person was killed and six injured in a Sunday auto crash on U. S. 22 five miles east of Harrisburg.

Clayton Watts, 47, of Hummelstown R. 1, died at Harrisburg Hospital of head, face and body injuries several hours after the accident. His wife, Mabel, 36, son James 9, and daughter Gloria 2, suffered minor injuries and were released from the hospital after treatment.

State police identified Mrs. Anna B. Stover, 43, of Jeannette R. 1, as the driver of the second car, traveling west on U. S. 22. Watts was turning from the highway at an intersection with a road leading to Linglestown.

Two passengers in the Stover car, the driver's brother, Abraham, 51, and his wife, Leona 47, suffered multiple contusions, both are from Jeannette. The driver was admitted to Polyclinic Hospital in satisfactory condition with possible internal injuries.

officio member. The secretary would be the seventh member of the new board.

The governor declared that "we have ample reason in the mismanagement and corruption which unfortunately characterized the administration of the turnpike system to take a hard and serious look at its operations and its prospects."

Last year a special Dauphin County grand jury began an investigation of what Leader charged was a 19½ million dollar fraud. It has resulted in the indictment of 23 persons and is continuing.

Leader said operating efficiency can be accomplished by "the simple process of appointing dedicated administrators." He added there should be no "political contention" for positions on the board and that they should be divided evenly in party membership.

The proposed board would name an executive director responsible for executing board policies, thus correcting a present fallacy because "no one is the real chief executive."

Discussing the turnpike's role in the future Leader said that the 400-mile cross state superhighway "cannot economically survive as a toll road without doing a grave injustice to the people of Pennsylvania."

HARRISBURG (AP)—The Property and Supplies Department said today it hopes to reduce the state's \$415,000 a year telephone bill by \$65,000 through three economy measures.

DULLES MEETS ISRAEL AID ON MIDEAST CRISIS

WASHINGTON (AP)—Secretary of State Dulles scheduled an urgent meeting today with Israel's Foreign Minister Golda Meir to hear her plea for U. S. action to curb Egyptian moves before war erupts in the Mideast again.

Mrs. Meir flew from Jerusalem in a dramatic bid for American support. She arrived yesterday at the same airport and almost at the same time as Dulles, back from the Far East. But they never met.

Dulles closeted himself with aides for a couple of hours, then authorized an announcement that he would see Mrs. Meir today. The time was not announced.

New Blockade Threat
Mrs. Meir made her flight after Egypt's President Gamal Abdel Nasser ordered Egyptians to take back control over the Gaza Strip from United Nations forces which had replaced withdrawing Israeli troops. This, plus Egyptian talk about re-imposing the Suez Canal and Gulf of Aqaba blockades against Israel shipping, ran counter to Israeli assumptions on which the withdrawal was based.

Fourteen Die in Crashes
Fourteen persons were killed on the highways in Pennsylvania over the weekend, three others died in miscellaneous accidents and two drowned.

"I am quite convinced," Mrs. Meir told reporters at the airport yesterday, "that with the Egyptians in the Gaza Strip we have returned to the same situation that we had before Oct. 29."

That was the date Israel attacked Egypt last fall, reporters noted. Did that mean, she was asked, that Israel would fight again if Egypt assumed what Israel regarded as too much authority in Gaza?

Has Busy Day
"I can't say at this time," she replied.

Dulles booked a busy day. Besides seeing Mrs. Meir and catching up on Middle East developments during his 11-day absence in the Far East, he arranged afternoon appearances before the House Foreign Affairs and Senate Foreign Relations committees.

The committees assembled for a report from Dulles on two conferences—the one he attended at Canberra, Australia, as a member of the Southeast Asia Treaty Council, and the one he leaves for Wednesday at Bermuda. President Eisenhower will confer for four days with British Prime Minister Harold Macmillan.

Wildasin by his wife and family, Edward L. Warner, Clair E. Arentz, Richard D. Sheely and Donald E. Warner served as ushers. It was announced that any organization of the church desiring to contribute to the Red

Cross, should contact the treasurer of the Sunday School, Harry C. Wildasin. Christ Church choir will rehearse tomorrow evening at 8 o'clock.

A message based on "The Seven Deadly Sins" and entitled "The Sin of Envy and Jealousy" was delivered by the Rev. Porter W. Seiwel at the worship service in Redeemer's Evangelical and Reformed Church on Sunday morning. The Singing Juniors rendered the Negro spiritual "Somebody's Knockin' At Your Door," accompanied on the organ by Mrs. Jay R. Crouse. The altar flowers were placed in memory of Mrs. Anna K. Brookhouse by Miss Linda Ann Frock.

The teachers and assistant teachers of Redeemer's Adult Sunday School Department will meet at 7:30 p.m. Tuesday at the home of Edward P. Hawk, 79 Prince St. The Rev. Mr. Seiwel will conduct the workers' conference on the lessons for the first six weeks of the new quarter.

LONDON (AP)—British European Airways today placed eight of its model 701 Viscount turboprop airliners back into service after they passed minute, all-night inspection.

The Viscounts were grounded as a precautionary measure after one crashed at Manchester Thursday with the loss of 22 lives.

The investigation centered on the plane's flap mechanisms.

COUNTIANS WILL

(Continued From Page 1)

pared to 9.4 last year. The per capita tax average has increased from \$1.59 in 1956 to \$2.98 at the present time.

While all 32 school districts had a per capita tax in both 1956 and 1957, the townships and boroughs are still not 100 per cent in back of the per capita tax. But it is gaining. In 1956 there were 16 townships which imposed a per capita tax, while none of the boroughs had such a tax. In 1957 a 17th township added a per capita tax and so did two of the boroughs, Abbottstown and McSherrystown, according to the clerk's list.

Wide Range In Millage
 Highest borough property tax in the county was the 20 mills levied by Fairfield. Highest property tax levied by a school board was the 45 mills imposed by Butler Twp.

Lowest school tax in the county continues to be McSherrystown which with no millage on property and only \$5 per capita tax for school purposes probably has the lowest school taxation in the county. Heavily Catholic, it sends most of its children to parochial school, and needs provide education for only a few of its students.

More Taxpayers, Too
 Lowest township rate in the county is the four-mill, and no per capita tax levied by Union Twp. Biglerville has the lowest tax rate among the boroughs, a nine-mill real estate tax. Abbottstown has a lower millage, eight, but according to the clerk's records that borough also levies a \$10 per capita

tax, while Biglerville has no per capita tax.

The clerk's records show a steady increase in the general population of the county—based on the increase on the number of resident taxpayers.

In 1955, there were 25,566 resident taxpayers in the county, in 1956, there were 26,192 and this year 27,897.

The records show a steady increase in Gettysburg population: with 3,983 taxpayers in 1955; 4,052 in 1956 and 4,371 in 1957. Similarly, Littlestown jumped from 1,692 in 1955 to 1,720 in 1957 and McSherrystown is up from 1,208 in 1955 to 1,364 this year.

The records also show some tremendous jumps in two areas. Conewago Twp. is apparently the fastest growing area in the county—as anyone driving through the Midway area would guess immediately. The number of taxpayers in Conewago Twp. jumped from 1,261 in 1955 to 1,648 this year. Cumberland Twp. has almost as big a growth, 1,177 taxable residents there in 1955 to 1,423 at the present time.

Some Townships Decline
 Some districts showed a decline in taxpayers, which Chief Assessor D. Walter Woods said in most cases came about from a cleansing of the records of some "deadwood" that sons deceased and persons who had had accumulated—including per-moved away.

But two of the districts actually did show a decline in population, the chief assessor said. Latimore Twp. is down from 606 taxpayers in 1956 to 593 at the present time. Tyrone Twp. is down from 687 last year to 663 this year. In both cases persons moved out and were not replaced. Woods said most moved either to Harrisburg or into York County.

In Liberty Twp. a decline was also noted, from 381 taxpayers last year to 345 at the present time. Woods explained that a number of new summer homes had been established and families that had lived on those properties previously have moved elsewhere.
